# B.PHARM LATERAL ENTRY

The candidate who have passed the diploma in pharmacy course as per education regulations 1991 under pharmacy act 1948 from an institution approved by pharmacy council of India with minimum 50% marks.

# PHARM D PROGRAM

The Pharm D (Doctor of Pharmacy) is a post graduate level integrated course in pharmacy introduced in India by Pharmacy Council of India in 2008 to inculcate a new standard in pharmacy practice. It is a prerequisite to practice as a licensed clinical pharmacist in India and abroad. Clinical Pharmacists promote appropriate, effective and safe medication use for patients. They go hand in hand with other members of health care team and closely monitor patient drug therapy to make recommendations on selection of best medication for a patient condition, correct dose & duration of therapy. They also forecast and solve drug related issues thereby reducing length of hospital stay and

economic burden of treatment, thus increasing quality of life of patients.

Pharm D graduates has excellent earning potential and is consistently ranked as one of the most highly trusted professions.

Pharm Dis a six-year program after +2 which includes 5 years of academic study and 1 year of internship or residency. Each academic year spread over a period of not less than 200 working days. During clinical postings, students are exposed to real-time clinical pharmacy services and develop skill under exemplary

supervision of clinical preceptors to mould up themselves as efficient clinical pharmacists.

ELIMS College of Pharmacy, Thrissur offers Pharm D program with all facilities at its prescribed standards and guided by a t e a m of skilled and well experienced teachers.

ELIMS College of Pharmacy, Thrissur h as memorandum of understanding (MOU) with Daya General Hospital Ltd. and speciality surgical centre, Thrissur where our PharmD candidates would undergo hands on clinical training under the supervision of clinical preceptors and doctors.

# D.PHARM

## DIPLOMA IN PHARMACY

Diploma in Pharmacy is a 2 year course for aspirants who want to start their career in the field of pharmacy. Instead of doing long term courses in pharmacy D. Pharmacy course is the ideal choice for the student who wants a quick start in their pharmacy career. Pursuing D. Pharm can be a good beginning to understand the fundamentals of pharmacy programme and then pursue advanced courses like B. Pharm & Pharm.D.

Diploma in Pharmacy covers **Fundamental Pharmacy Education** including the application of chemistry in the pharma industry, theoretical & practical concepts of biochemistry, pharmacology and

toxicology. The course enables the students to study about different chemical salts, their application and uses in medicine. The programme holds fine significance in the pharmaceutical industry.

Diploma in Pharmacy [D.Pharm.] course provides registered pharmacy qualification for practicing pharmacy profession under the Pharmacy Act. Many graduates pursue careers in a hospital pharmacy or community pharmacy where they are directly involved in patient care working in partnership with physicians. Pharmacists are the key person to dispense the medication to the patient which requires special registration status from government of India.

D. Pharm course graduates are eligible to open an online pharmacy which is a demanding business in India in the field of pharmacy. The course aims to trained qualified candidates to fill orders under a pharmacist's supervision, enter patient's information, identify prescriptions, and process paperwork for orders, understand and apply drug and medical terminology, as well as basic pharmacology. The curriculum of the diploma course is designed to teach students to understand drug dosage calculations, regularly used pharmacy computer systems, compounding, pharmacy practices and procedures.

### D. PHARM COURSE ELIGIBILITY:

Minimum eligibility qualification is 10+2 level of education in science stream, from a recognized educational board, for admission into the Diploma in Pharmacy [D.Pharm.] course in any college. A minimum aggregate score of 50% (Passing marks) at the 10+2 level is also necessary.
